

VISUS HEALTH IT

GESUNDHEITSCAMPUS BOCHUM, GERMANY

Dear All,

It's been a great pleasure meeting you all in Sofia last week.

I thank everyone at AHK Bulgaria for organizing this event and giving us the opportunity to present our products to you, the interested audience. I thank you for coming, too.

I had good meetings afterwards and am very sure that we will find a reliable partner soon who will be able to promote, sell and service our products in Bulgaria. So, stay tuned.

Please refer to <https://www.visus.com> for more details and information on VISUS. I won't repeat it all in this format.

If you like to watch the two little "blockbusters" again, please check them out here:

[Enterprise PACS - Radiology safe and efficient](#)

[Healthcare Content Management - Making medical](#)

If the links don't work, simply go to our website and search for PACS or HCM.

Thank you & All the Best
Steffen
