

## OFFICIAL LETTER OF RECOMMENDATION

### To Whom It May Concern,

It is with immense pleasure and the highest degree of confidence that we, the undersigned entities of the VESS Energy Group—owned by and operating under the strategic umbrella of **Monek Bulgaria**—collectively issue this unreserved recommendation for **M 40 EOOD**.

The VESS Energy Group encompasses our specialized subsidiaries, each a leader in its field:

- **VESS Energy Storage** (<https://vess.bg/en/>), manufacturer of advanced vanadium flow battery systems.
- **Vessolyte** (<https://vessolyte.com/>), producer of the proprietary high-purity vanadium electrolyte that is the core of our batteries.
- **VESS Modules** (<https://modules.vess.bg/en/>), manufacturer of high-efficiency solar PV modules designed to integrate perfectly with our storage solutions.

Our multi-faceted collaboration with M 40 EOOD, spanning from April 2023 to the present, has been nothing short of exemplary. They have served as a critical supplier for a range of sophisticated equipment and precision metal products essential to the manufacturing processes across all our entities.

From the outset, M 40 EOOD distinguished themselves through their exceptional engineering prowess and an unwavering commitment to quality. They did not merely fulfill orders; they delivered masterfully crafted solutions that consistently exceeded our stringent technical specifications. Their team demonstrated remarkable agility and profound expertise, proactively addressing complex challenges and collaborating with our engineers to deliver optimized, high-performance components that have become integral to our products' reliability and success.

What truly sets M 40 EOOD apart is their deeply ingrained culture of excellence and partnership. They have consistently proven to be more than a vendor; they are a trusted extension of our own operations. Their performance in adhering to—and often improving upon—the most demanding production schedules has been a cornerstone of our supply chain resilience. Their reliability, transparent communication, and proactive problem-solving have made them an invaluable asset to our entire group.

In summary, M 40 EOOD embodies the very definition of a world-class business partner. Their contribution has been pivotal to our projects, and their integrity is beyond reproach.

We therefore recommend M 40 EOOD in the most glowing terms possible. Any organization seeking a partner that combines superior technical skill with unwavering dedication and commercial integrity would be privileged to engage their services. We eagerly anticipate many more years of fruitful collaboration.

**Sincerely,**

**Lyubomir Gradev**  
**Head of the Board of Directors**
